OBJECTIVE

A driven and detail-oriented student with a strong foundation in cyber forensics and graphic design. Seeking a challenging position to leverage my technical skills, creative abilities, and passion for continuous learning in a dynamic and growth-oriented environment.

EXPERIENCE

CYBER POLICE STATION KATIHAR

Cyber Forensic Assistance | Katihar, Bihar | Dec 2023-Present

- It provides me with the opportunity to analyze, address, and resolve real-time cybercrime cases.
- Allows me to work under experienced professionals and gain valuable insights from their expertise.

SALESFORCE

Intern | Dec 2023-Jan 2024

Mode : Online

- Gained hands-on experience working in developer mode within Salesforce CRM.
- Developed and customized applications using Salesforce's declarative tools and Apex.
- Assisted in the design and implementation of custom workflows, triggers, and Visualforce pages.

AMRUTUM

Freelancer | Gwalior, MP | May 2024

- Provided multiple design iterations based on client feedback, demonstrating adaptability and attention to detail.
- Delivered the project within tight deadlines, ensuring client satisfaction with high-quality design and adherence to brand guidelines.

PROJECTS

Home Automation | Relay Module | Wi-Fi Module

- Developed a smart home automation system capable of controlling devices such as bulbs, fans, and other household electronics remotely.
- Devices are controlled using Wi-Fi technology

Meme Generator App | HTML, CSS, JavaScript,

- Developed an interactive web application for creating custom memes using HTML, CSS, and JavaScript.
- Ensured responsive design for compatibility across various devices and screen sizes
